

# Hands-on Lab: Sub-queries, Multiple Tables

---

 [coursera.org/learn/sql-data-science/supplement/WCh4W/hands-on-lab-sub-queries-multiple-tables](https://coursera.org/learn/sql-data-science/supplement/WCh4W/hands-on-lab-sub-queries-multiple-tables)

---

Now lets practice sub-queries and and working with multiple tables. Use the EMPLOYEES and DEPARTMENTS tables created previously and execute the queries in the last two lessons.
