Hands-on Lab 1: Practice Querying Real World Datasets

coursera.org/learn/sql-data-science/ungradedLti/DUk6r/hands-on-lab-1-practice-querying-real-world-datasets

In this hands-on lab, you will work with a real-world dataset and query it using SQL from a Jupyter notebook. It will also help prepare you for the final assignment. Click HERE to download the lab notebook (.ipynb)

This course uses a third-party tool, Hands-on Lab 1: Practice Querying Real World Datasets, to enhance your learning experience. The tool will reference basic information like your name, email, and Coursera ID.
